Hello, My name is 杜瀚翔, and I'm 19 years old, born on June 24, 2006. I'm from Taipei, a modern and convenient city.

I study Computer Science and Information Engineering at Feng Chia University. I chose this major because I've been interested in technology since childhood. My favorite course is programming, as it allow me to solve real-life problems.

I'm an optimistic and cheerful person who sees challenges as opportunities for growth. In my free time, I enjoy playing video games and billiards.

After graduation, I plan to attend graduate school and become a software engineer, solving complex problems and making a positive impact through technology.
